

Weekly Report (2016.9.26-2016.10.2)

Done

- 1) Design demo according to PRD
- 2) Learn plotting and interaction of tree, bar chart and circle packing
- 3) Finish the bar chart statistics, the present and interaction of tree, the searching module parts of the demo program.

The graph below is the current outcome which needs further improvements, such as the rotation of texts, adding circle packing graph etc.

- 4) Confirm more requirements basing on current outcome

To Do

- 1) Finish the demo program left
- 2) Start formal programming as long as there is nothing to be modified
